Please find attached for your review an agreement with Westchester County to continue the STOP-DWI Program between the Village of Mamaroneck and Westchester County. This amendment covers the period Octo1 2018 – September 30, 2019. Also attached is a draft resolution for the Village Board's consideration at their April 11, 2019 meeting.

Pursuant to the agreement, the County shall pay the Village \$10,000, payable at the actual rates of participating officers based on the number of hours worked. These funds are to be used for any overtime specifically targeted towards enforcement of the NYS Vehicle and Traffic Law statutes pertaining to Driving While Intoxicated (DWI) and Driving While Ability Impaired (DWAI). The assignment, pursuant to the agreement, must be special enforcement details to cojduct high visibility road checks and must take place during certain delineated periods when there is a high incidence of DWI and DWAI.

I recommend approval of the agreement and am placing this item on the Board of Trustees March 25, 2019 work session agenda for discussion.
