Dear All,

The Census of 2020 will soon be upon us. It is very important that the Village receives an accurate count of residents to ensure proper funding levels and proper representation..

When I was in office in 2008 and 2009 the Federal government was constantly reaching out to remind municipalities of the important of the census. I am not expecting that to happen this year so the task will fall on us.. Please review the materials that Mayor Falanka has shared with me to address this situation.

Subject: Census Information

Mayor:

As requested, this email includes all the information that Mamaroneck would need to get started. If they want additional information, please have them call me or Eric at 939-2200.

Attached is the history of the Village's census complete count committee.

There are three resolutions:

1. Establishing a complete count committee
2. Retaining Pitney Bowes for address data – needed to ensure that all addresses were included.
3. Budget Transfer to start committee

The census email includes the email address for the census workers. It also contains all of the brochures and flyers the census created with information regarding the process , timeline and sample forms.

Our Committee knows they will be breaking into sub-committees but the make- up and duties have not yet been determined. If you would like, I will update as we know.

For detailed information on Mamaroneck's map and response from the 2010 census. <https://www.census.gov/roam>.

Pam
