

COASTAL ASSESSMENT FORM

I. Instructions

- A. In accordance with Chapter 240 of the Village Code, proposed actions are to be reviewed to determine their consistency with the policies of the Village of Mamaroneck Local Waterfront Revitalization Program. This Coastal Assessment form is intended as an aid to that review.
- B. As early as possible in an agency's formulation of a direct action or as soon as an agency receives an application for approval of an action, the agency shall do the following:
1. For direct agency actions, the agency shall complete this Coastal Assessment Form. This CAF shall be completed prior to the agency's determination of environmental significance under SEQRA.
 2. Where applicants are applying for approvals, the agency shall cause the applicant to complete this Coastal Assessment Form, which shall be completed and filed together with the applications for approval and Environmental Assessment Form.
 3. Unless the application is being undertaken, funded or approved by the Board of Trustees or is otherwise exempted under Chapter 240 of the Village Code, CAFs shall be forwarded to the Harbor Coastal Zone Management Commission for a determination of consistency. Where the action is being undertaken, funded or approved by the Board of Trustees, the Harbor Coastal Zone Management Commission shall be provided with a copy of the CAF for purposes of making a written recommendation on consistency to be forwarded to the Board of Trustees to assist that Board in determining consistency of the application. If an action cannot be certified as consistent to the maximum extent practicable with the coastal policies, it shall not be undertaken.
- C. Before answering the questions in Section II, the preparer of this form should review the coastal policies contained in the LWRP. A proposed action should be evaluated as to its significant beneficial and adverse effects upon the coastal area.
