Hi Sally:

Below is Jamie Weisinger's resignation from the Arts Council.

Thank you.

Marina and Jackie-

It is with great sadness that I write this letter. Due to the effects of COVID-19, I will need to resign from the arts council. I am finding myself unable to juggle any other responsibilities and must focus 100% of my attention on keeping my business open during this crisis. It has been really tough financially and emotionally being a business owner right now. I feel awful, but I am having a very hard time right now.

I do hope to participate in future council activities and support arts in the village. Thank you for allowing me the privilege of serving with wonderfully creative and supportive community members and I hope the best for you all.

Best,  
Jamie
