SITE DEVELOPMENT PLAN FOR IN-GROUND POOL

for

Zola
1000 Greacen Point Rd
Mamaroneck, NY

Drawn By: CE

LS-1

Scale: **As Noted** Issue Date: **6/10/2021**

* NOTE: R-20 Zone Combined Yards to equal 45'-0"

Notes:

2. Pool will not be located in the required front yard.
3. Pool and pool equipment will not be set within the required side yards or within 6' of rear property line.
3. Pool will not occupy more than 40% of the rear yard.
4. Pool and Pool Equipment will be screened from view of abutting properties with fencing and proposed landscape plantings (1" min 4'-0").
5. Railing will be completely surrounded by existing (proposed) fencing or walls of at least a four grade at all points, and each gate shall be equipped with a self-closing and self-latching device.
6. There shall be no flooding/light, directly or indirectly, and all other lighting shall be orange/red and shaded as to reflect light away from adjoining premises or public street.
7. Property is serviced by the municipal sanitary sewerlines, so no septic tank is required.
8. Both pool and spa will be equipped with a powered safety cover in compliance with ASTM F1346.
9. See Engineering drawings for proposed stormwater management plan.
10. See Engineering drawings for stormwater and erosion control measures.
11. Discharge of pool water will be in compliance with Westchester County NSR requirement and connected to proposed drainage system or as indicated on drawings.
12. Engineered pool construction drawings to be provided upon selection of contractor.

Existing Conditions Looking Northwest

Existing Conditions Looking Southeast

Existing Wood Fencing

Existing Chain Link Fencing

NOTE
