Yes...if it is related solely to parks, the code citation is §260-3(S) **Parks** which reads as follows:

The following acts are prohibited within Village parks, and no person shall:

**S.**

Except in areas which may be specifically designated by the Village Manager and marked as "Smoking Areas," smoke or burn tobacco or a tobacco substitute or carry burning tobacco or a tobacco substitute in the form of a cigarette, cigar, or any other smoke-producing product or device, including pipes, or use electronic cigarettes or other similar products that rely on vaporization or aerosolization, or dispose of tobacco products, lit or unlit, including cigarette or cigar butts, except in containers designated for that purpose.

[Added 4-16-2014 by L.L. No. 6-2014, effective 4-30-2014]

Do you want to limit the discussion to parks only, or include other public places and spaces? We could look at the smoking policy as well in that case.

Dan

Daniel J. Sarnoff  
Assistant Village Manager  
Village of Mamaroneck

We're going to include Village smoking policy (to specifically address marijuana) at an upcoming work session. Let's include smoking in our parks, generally, as part of that discussion.

Why don't we try no smoking signs first.

Respectfully,

Tom Murphy

Mayor, Village of Mamaroneck

Hi all!

I see the benches were moved back to the side of the Marine Education Center due to a complaint. I do not have a problem with the fellow that made the complaint and I am pretty sure I know who it was. The issue, and the reason why all the other benches were moved, was because of smoking and other things these people were doing (popping their head through the window or relieving their selves behind the benches (human fecal matter mainly). I had asked for exterior cameras for the building for the safety of my staff, volunteers and myself, this hasn't been possible. So I was hoping, if we really can't keep the benches away from the building, that we could meet or zoom and talk about putting up a sign that says no smoking or no soliciting or both? Let me know. And I apologize for the inconvenience to the village.
