November 17, 2022

Dear Village Officials,

We have commenced with our planning of our Annual Firemen's Carnival. As part of the early planning of our next carnival, the Village of Mamaroneck Fire Department has identified the 2023 dates on which we would like our event to take place. The dates selected are as follows:

- The carnival will start on Tuesday June 27th and end on Wednesday, July 5th.
- We are looking to hold the Firemen's parade on Wednesday, June 28th.
- The Fireworks display will take place on Tuesday, July 4th (*rain date Wednesday, July 5th*).

After choosing these dates, we are now moving on to the next step of the planning process: securing the sole use of the entire area of Harbor Island for the duration of the carnival, especially on the nights of the parade and fireworks. In addition, we will need to use the harbor for setup and cleanup of the carnival.

Therefore, this letter is to request use of the entire Harbor Island Park from Monday, June 19th through Thursday, July 6th. Also, we ask that the lights on the Lanza playing field be accessible on the night of our parade to avoid any safety issues.

Thank you for consideration and a timely response.

Sincerely,

Chief James Barney
