Yes on your question. Make sure we list specifically it was totaled by insurance and only good for parts. That should satisfy everyone.

Gino need a car for his intern for the summer engineering work. Let's find one if we can.

Carolina/Jerry,

The first building department all electric vehicle is in our shop getting decals. I believe this will be replacing Car 8, a 2007 Ford Focus.

The vehicle will be brought to the building Department by Friday afternoon.

As soon as Carolina confirms, I would request the 2007 Focus be deemed surplus, so that we can add it to our spring auction. We have several vehicles already on it.

Thanks,
