Dan,

Can you please include the attached proposal from Morano Bros. Corp. for our 2023 Spring/Summer paving list to the next BOT work session (and if possible to the agenda for 05/22/2023). I checked with Andrew Ciralli (their VP) and their schedule is opening up to accommodate paving by late May/early June.

Their estimate for \$1,449,797.35 is for milling and paving only and does not include the asphalt adjustment factor or any manhole/catchbasin/water box adjustments or installations. I would like to include a 10% contingency and further round up to \$1,600,000.00.

Thank you,
